November 20, 2022

To our Central family:

We want to make you aware of a situation about which we are concerned.

We are blessed to have so many children as a part of our Central church family. And we thank God for the fact that our kids love being here and have so much fun when they come to Bible class and worship.

However, we have witnessed some near-accidents of late that have caused us concern. These were caused by children running in the building and climbing on top of tables and things that might not be able to support their weight. It would break our hearts to see one of these little ones get hurt or for them to run into and knock down one of our elderly members. There have been some close calls.

We know that our children need a place to play and so we have set about to build a playground for them on the church property to provide for this need. It will be a fun, safe space for them to continue to enjoy being here and being around one another.

Until our children's playground is completed, the Elders would like to ask our parents to monitor their children and prevent them from running in the building. We want to keep everyone safe.

Details on our new playground and its date of completion will be forthcoming.

Thank you for your understanding.
